Tel: +61 3 8547 9700

30<sup>th</sup> June 2020

**VICT Industry Notice:**

Dear Customers,

VICT will be increasing its Infrastructure charge in order to cover the 2020 lease increase.

Effective 1 August 2020, customers are advised that VICT will adjust its Infrastructure charge to \$131.03 per container (exclusive of GST). This will apply to full containers, received from or delivered to VICT.

The change to VICT's infrastructure charge will provide income only to cover the lease increase, and equates to a direct pass-through of the increased port costs.

VICT delivers a global leading standard in modern terminal operations. We deliver a world class service with leading truck turnaround times, continual system improvements and investments to ensure greater efficiencies for both landside and shipside operations and a convenient receipt period underpinned by extended opening hours.

Regards

Patrick Chan  
Chief Commercial Officer  
Victoria International Container Terminal Limited
